Plan to Achieve
Self Support
(PASS)

PASS

SSI

- If you receive SSI or become eligible for it, you could benefit from a **PASS** plan.
- A PASS allows you to **set aside** other income besides your SSI for a specified period of time so that you may pursue a **work goal**.
- When Social Security figures your SSI payment amount, they **do not count** the income that you set aside under your PASS plan.

Work Incentives and Self- Employment

A PASS can help you pay:

- To have a **business plan written**
- For **services to support** self-employment
- For business **equipment and transportation**
- For business **inventory**
- For other **goods and services** related to your work goal.

Work Incentives and Self- Employment

An EN, VR agency, social worker, or benefits specialist can help you set up a PASS that must:

- Be **in writing** and designed especially for you
- Identify a specific **work goal** that you are capable of performing
- Include a specific **timeframe** for reaching your work goal
- Show what income you receive (other than SSI) and how that income will be used to reach your **work goal**
- Be **approved and reviewed** periodically.

Work Incentives and Self- Employment

Impairment-Related
Work Expense

Social Security will **deduct** the cost of certain impairment-related items and services that you need to work from your gross earnings when we decide if you have reached **Substantial Gainful Activity (SGA)**.

Work Incentives and Self- Employment

SGA is a **measure** of your earnings level.

- **Substantial** work means that you are performing significant physical or mental (or a combination of both) full-or part-time work activity.
- **Gainful** work means that your work is, or is generally considered, for pay or profit, even if you don't actually make a profit.

Helping You Today
So You Succeed Tomorrow

Work Incentives and Self- Employment

Social Security will deduct the cost of an IRWE when:

- The item or service **enables you to work.**
- You need the item or service **because of a physical or mental impairment.**
- You pay for the item or service and **are not reimbursed** by another source
(Medicare/Medicaid/insurance).
- The cost is **reasonable.**

Work Incentives and Self- Employment

- PESS allows you to save unlimited funds in a **small business operating account**.
- The dollar value of the equipment and tools needed for employment or self employment is **not counted** toward SSI/Medicaid resource limits (\$2,000 for single adult, \$3,000 for a married couple).

Work Incentives and Self- Employment

Unincurred
Business
Expenses

UBE

SSDI

SSI

Unincurred Business Expenses are

- Contributions made by **others**, at no cost, to your self-employment business effort.
- Examples are:
 - A VR agency gives you a computer to use in your graphics arts business
 - A friend works for your business as unpaid help
- For an item to **qualify**:
 - It must be an item or service that the IRS would allow as a legitimate business expense if you had paid for it; and
 - Someone other than you must have paid for it.

Work Incentives and Self- Employment

Unincurred
Business
Expenses

UBE

SSI

Social Security **does not deduct** unincurred business expenses from your earnings when your SSI payment amount is determined.

Helping You Today
So You Succeed Tomorrow

Work Incentives and Self- Employment

- Even if your **net*** income from your business is too much for you to get any SSI money, 1619(b) is a law that allows you to **keep** Medicaid benefits.
- New Medicare rules allows medical coverage to **continue** for you even if you are netting over the current SGA amount.

**Net income is the excess of revenues and gains of a business over expenses and losses over a given period of time.*
